To Power Input

Versatile Printing

The Compuload 4060 printer is supplied as an add on plug in module to suit both the Compuload 3000 and Compuload 4000 series weighing systems.

This compact serial thermal printer allows all weighing data together with any stored information to be printed on a thermal paper roll.

Printed data will include:

- Two Line Company Heading
- Date & Time
- Customer Details*
- Product Details*
- Truck Details*

Field names may be varied to suit individual applications

* Summary printouts allow for all loads to be printed as required.
* When used in conjunction with the Compuload 4000 load weighing system.

Join the thousands of users using the reliable, accurate and low maintenance Compuload Weighing Systems
